

# The *Resolutions* Team

*Resolutions*™ provides expeditious and effective insurance recovery and strategic consulting services for the most significant, complex and/or contested claims across all lines of coverage. *Resolutions* offers Willis Towers Watson clients a unique and powerful alternative to contentious legal proceedings. As a stand-alone extension of our traditional claim advocacy services, *Resolutions* maximizes the potential for recovery while minimizing costs and business disruption from litigation.

## Specialized

*Resolutions* is comprised of a team of former coverage attorneys who combine claim negotiation and advisory skills with the significant commercial relationships of a global broker. The team acts as a cohesive unit of specialists, enhancing each member's effectiveness, and allowing clients to benefit from a broad and unique application of expertise.

## Secure

*Resolutions* is a stand-alone team within Willis Towers Watson designed to enable access to protected claim information. The *Resolutions* Team's use of such information maximizes the likelihood of an early and efficient claim resolution. We coordinate seamlessly with your outside counsel to increase the likelihood of maintaining privilege and to enhance your recovery.

## Effective

The *Resolutions* team has helped clients recover well in excess of US\$1Billion in contested insurance coverage while minimizing or eliminating the need for expensive, risky and time-consuming coverage litigation.

For client issues within the scope of our standard brokerage claim services, the *Resolutions* team can be deployed without any additional fee. If the service requested is outside that scope, we can arrive at an appropriate consulting fee.

Please note that we are not a law firm and do not provide legal advice.
