

Hospitality

Real estate, hospitality and leisure industry vertical division

Hospitality companies must have extraordinary judgment and skills to optimize return on investment. Amid interest rate uncertainty, regulatory, legislative and tax changes and more, companies must have foresight and timing to create long-term value. Our expertise enables us to help you find the opportunity in these challenges with solutions and specialized knowledge that manage risks across the business lifecycle and efficiently connect risk and capital.

Industry expertise: We understand the unique risk issues in this industry and have built our team around specialist expertise and knowledge. Our expertise enables us to align with clients' strategies and goals and provide tailored products and services to their unique risk profiles and needs.

Connectivity: To meet the demand of an increasingly connected world, we have organized our teams to provide full end-to-end risk advisory services based on our understanding of clients' needs across various disciplines and areas of expertise.

Integrated analytical broking approach: Analytics are embedded in the broking process end-to-end. Our end-to-end broking platform and digital trading capability provides the comprehensive risk and trading data you need to make informed decisions. Additionally, our broking team is integrated globally, accessing the most efficient insurance capacity.
