

# Embark for Total Rewards

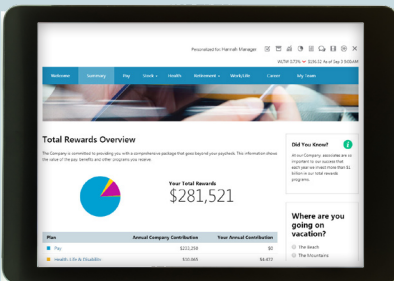

Move to excellence in employee experience

Design a Total Rewards experience that sets you apart from your competitors and drives engagement, by combining our cutting-edge employee experience platform Embark and award-winning communication experts with your employee data to create a highly personalized Total Rewards experience for your workforce.

## Smart and simple

Help employees understand and appreciate their Total Rewards, while giving HR critical insights and tools for better decision making.

## A personalized Total Rewards experience for your workforce

### Engaging by design

Deliver an experience, don't just provide information. Connect your people with personalized content and data that motivates them to learn and act. Adapt content to meet the varied language and culture needs of your organization. Customize the look and feel of the software to your brand and make an emotional connection that resonates.

### Future focused

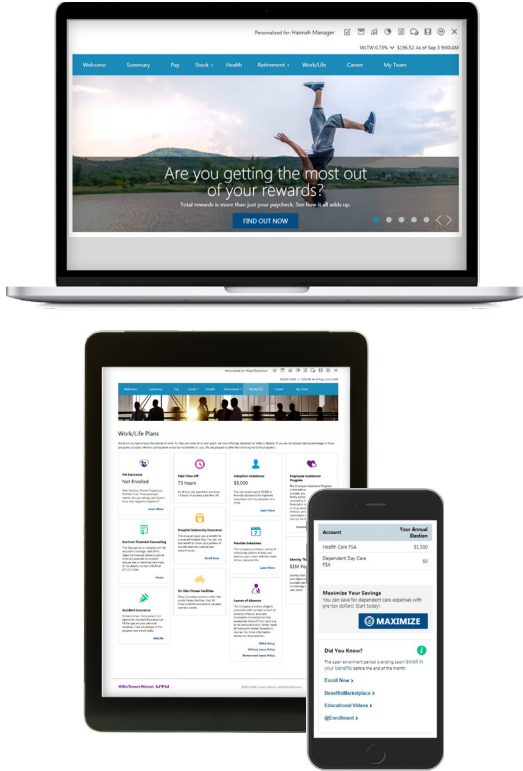

Help your people make educated decisions based on complete, accurate rewards data drawn from multiple systems. Create momentum with your employees to proactively manage their participation in your programs.

### Integrated and actively supported

View, print, research and analyze data, update site content, and deliver targeted emails with a state-of-the-art administrator module for HR that improves program engagement and drives desired behaviors.

## Embark for Total Rewards

Power the talent experience with consumer-grade features they expect.

### *Personalized*

Show each individual's Total Rewards package across equity, benefits, base and variable compensation, retirement and savings plans, voluntary benefits and more, in an easy-to-understand format.

### *Dynamic*

Leverage automated data feeds and multimedia tools so your employees can quickly access their information.

### *Convenient*

Accessible 24/7 from any location, desktop or mobile, including responsive designs for mobile devices.

### *Global*

With no language or currency limitations, our clients have successfully used our software in more than 90 countries and 40 languages.
