

# Homestead Group Captive Program

**A Group Captive is a vehicle that can replace existing Property & Casualty programs with a group purchasing structure involving some risk retention. The client benefits from positive underwriting results, but has risk transfer insurance for adverse losses.**

## Group Captive at Willis Towers Watson

Homestead Insurance Company IC is a heterogeneous group captive fronted by The Hartford for primary Casualty lines, utilizing a segregated, protected cell within the existing WTW captive, Encore PCC. The use of Encore PCC creates a more affordable upfront cost option for companies to become members.

### Target member criteria

- Up to \$1M in guaranteed cost primary casualty premium
- Favorable 5-10 loss history, under 50% loss ratio
- Owned Auto Fleet
- Excluded classes include Construction, Real Estate, Public Entity, Trucking, and Healthcare

### Program structure

- Fronted by The Hartford
- Individual members retain primary \$125,000 of risk
- Captive members share in risk between \$125,000 and \$350,000
- The Hartford provides insurance excess of \$350,000 per loss up to \$1,000,000

## Why a Group Captive?

### Cost Containment

- Creates more efficient way to purchase insurance and transfer risk
- Affords members the opportunity to participate in underwriting profits by way of dividends
- Well controlled risks recognize greatest benefits

### Efficient

- Allows for greater impact and efficiency in handling of claims
- Shared losses across members alleviating sole burden of a severity loss on a single member
- Pricing stability and predictability results in less frequent need to market

### Tailored

- Coverage terms are customizable to meet specific individual member needs
- Individual member performance contributes greatest to individual underwriting profits
- Members make all administrative decisions as a Board
